Mini Course Rules

1. The skier chooses a speed to suit his weight, ski size etc. for the first passes. If the skier achieves a complete Main Course pass the speed will be increased for the next pass.
2. For the first passes the skier enters through the gates and skis around the boat guide buoys and out the gates. The skier can elect to ski as close as possible to or around the Mini Course buoy or Main Course buoys for extra points.
3. The run ends after 4 passes.

## **TWSV Rule Amendments 2019-2020**

4. The scoring stops when a Boat Guide buoy is missed or the opening gates are missed. Skiing outside the Boat Guide buoys will score 0.2. Score 0.5 points for each Mini Course buoy. Judges allocate an additional pro rata score according to the width outside each Boat Guide buoy up to 0.4 and Mini Course buoy up to 1.0 points for the main course buoys he skis around. I.e. if a skier runs half way between the two buoys he gets 0.7 points. Thus it is possible to mix the main course buoys the Mini Course buoys and the Boat Guide buoys in the same pass and get credit for all.
5. The skier's score is for his best pass, unless he scores 6, in which case the next pass at the higher speed is added on.
6. Scores which are not whole numbers are rounded down to 0.25 or 0.5.
7. Maximum score for one pass (i.e. 6.0 points) in two rounds qualifies the skier for the main course in Division 5 or 4 in the next tournament.

### **V14.19.1.2 Option of an alternate boat path.**

If a proper Mini Course is not available and the skier wishes to have an alternate boat path on the full course he may have it. The skier will have two passes, one in each direction. These will be for demonstration only and as there is no slalom entry gate the skier will not score any points.

The alternate boat path will be mid-way between the left side gate buoys and the right hand skier buoys. (i.e. buoys number 1, 3 and 5).

The skier will go outside the buoys number 1, 3 and 5 and the boat gate buoys for buoys 2, 4 and 6.

### **V14.7 Number of skis**
